WORK EXPERINCE

Hindustan Standards Bureau

Software Developer (E-commerce Application)

Feb-2024 – Aug-2024

- Developed a full-featured e-commerce application for the organization, enabling streamlined online transactions and inventory management.
- Utilized React, Node.js, Express.js, MongoDB, to build and deploy the application.
- Collaborated with cross-functional teams to gather requirements, design UI/UX, and implement features like product listings, user authentication, shopping cart, and payment gateway integration.
- Conducted testing and debugging to ensure a smooth user experience and optimal performance.
- Delivered the project within the six-month timeline, contributing to the organization's digital transformation efforts.
